

## Prohibited & Restricted Items Quick Reference Guide

All countries prohibit or restrict the types of products that may be imported. This resource is here to help you shop smarter by helping you to avoid buying items that are prohibited and to alert you to items that are generally restricted. Save money by familiarising yourself with these types of products before you begin your shopping.

### Generally Prohibited & Restricted Items

This list is sampling of common items that are restricted, cannot be shipped or, depending on your destination country, may either require an import license, additional documentation and/or cause problems and delays during the customs review of your shipment. If your package contains a restricted item, our Compliance team must review your shipment when it arrives at our facilities. This process **may add 1 - 3 business days** (Monday - Friday) before your item is available to ship.
