

1

You wish to purchase from an Australian online retailer. Sign up with SOS Mail Parcel Services and receive your Australian delivery address—FREE!

How online parcel shipping works

2

SOS Mail Parcel Services will email you an Australian address immediately with an ID number, which you will provide to your Australian retailer.

3

Purchase your items from your retailer. The company packs and sends your order to your Australian address.

4

SOS Mail Solutions Parcel Services receives your parcel/s and uploads into your online parcel account, with all information including size & weight. An email notification is sent to you.

5

You request the item/s to be forwarded to your international address with the type of shipping method.

6

SOS Mail Parcel Services advises you of the shipping costs and requests payment through PayPal.

7

Once payment is received, items are dispatched and the tracking number is emailed to you.
